Beautiful. Practical. Antibacterial.

Laminate Worktops

The Kronodesign range feature on-trend finishes, built on decades of production research and understanding. These worktops look sensational and offer exceptional performance in the kitchen.

- The Kronodesign Collection features 60 stunning worktop decors.
- 34 decors with post formed edges.
- 26 decors with square edges.
- All worktops have matching upstands and splashbacks.

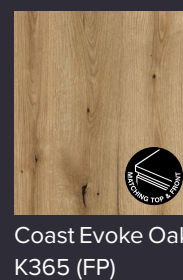

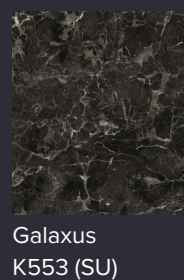

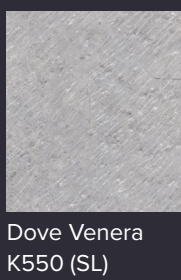

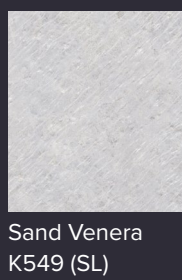

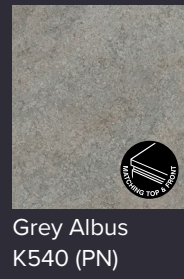

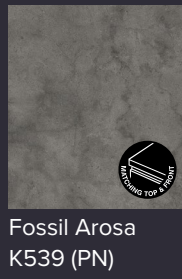

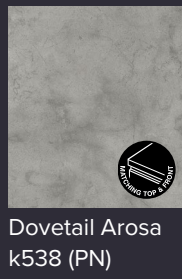

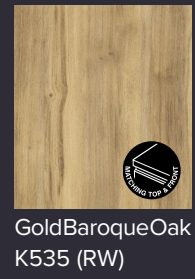

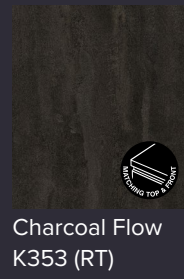

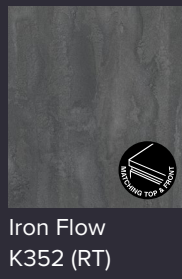

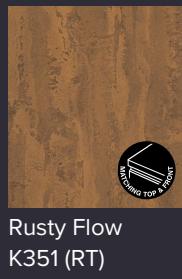

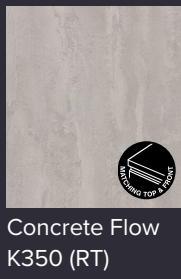

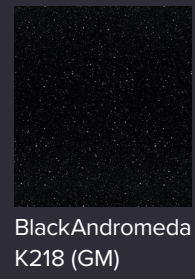

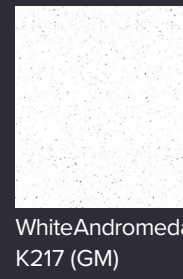

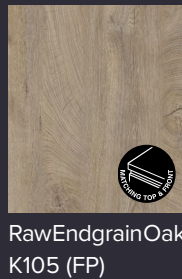

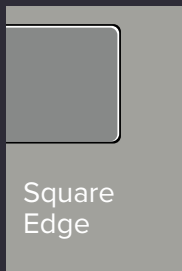

Design available on both MF Boards and Worktops

No repetition of the design across the full length of the Worktops

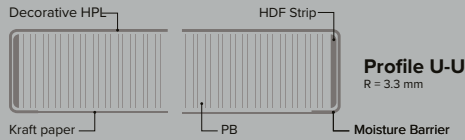

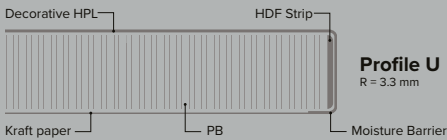

38mm Square Edged 4 Metre Range

Brochures, swatches and samples are available upon request.

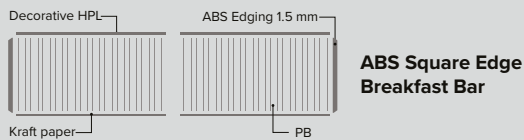

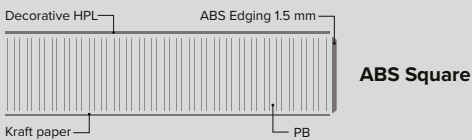

Postformed Profile

Post-formed worktops are based on raw particleboard covered with a decorative HPL laminate and strengthened on the front with a special strip, making them ideal for counters in kitchens, offices and shops.

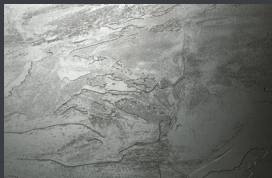

ABS Square Edge

This is the modern version of a worktop and features a straight edge and 1.5mm ABS edging that gives a sturdy, square look. This simple, cleaner lines make these worktops perfect for any contemporary or minimalist kitchen design.

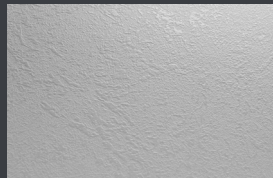

Textures

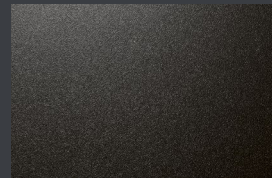

Slate (SL)
Deep slate texture that reflects the distinctive look and feel of weathered stone.

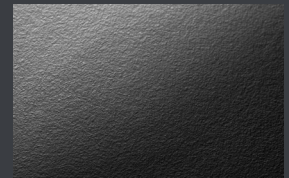

Fine Pore (FP)
A understated delicate wood pore that refines decor.

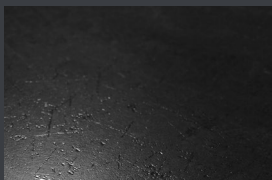

Rough Stone (RS)
Soft riven slate type texture. Suitable for natural stone decors.

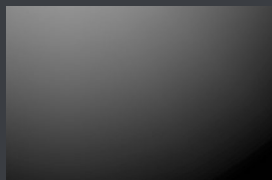

Perl (PE)
A subtle, burnished surface detail.

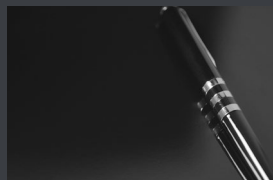

Pluton (PN)
A versatile, non-directional texture with a matt effect. It is ideal for both vertical and horizontal surfaces and enhances the look and feel of textiles, stone, and marble decors.

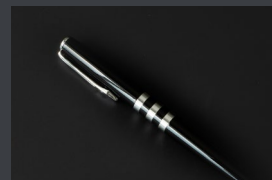

Used Effect (JE)
A burnished surface finish, that give an extra degree of patina to stone and metal decors.

Super Matt (SU)
Texture combining matt effect with smooth, high-grade optics for a resplendent appearance.

Super Quality Gloss (SQ)
A superior gloss surface developed for worktops to offer improved scratch resistance and durability.

Authentic Fine (AF)
Velvety texture with a luxurious soft-touch tactile effect and an anti-fingerprint finish.

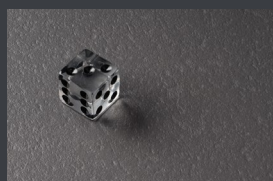

Rust (RT)
The stucco texture echoes the distressed appearance of concrete and metal. It has a worn character that is fully on-trend with the urban look.

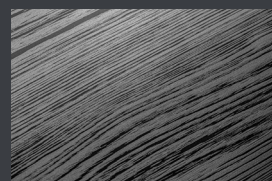

Glitter Gloss (GG)
High gloss surface, enhanced with a fine amount of shiny real aluminium bits and sparkling glitter finish suitable for stone decors.

Glitter Matt (GM)
This elegant matt texture, combining a soft, silky touch with the eye-catching and subtle sparkle of aluminium flecks.

Palazzo Touch (PH)
Inspired by vintage marble and soapstone textures, the dual gloss surface replicates natural cracks and indentations with a burnished, waxy touch.

Rift Wood (RW)
Linear texture with matt and gloss areas, giving the most diverse wood designs a very authentic feel and high-value appearance..

--

Strong. Natural. Durable.

Derablok is a solid wood worktop, they are both stunning and extremely strong. The natural integrity of solid wood construction means that they are capable of withstanding a lot of weight and pressure.

- Various lengths and widths available.
- Strong and durable.
- Knife marks and imperfections are much more easily fixed.
- Eco friendly natural material.
